Articolazione lezioni corso CLIL Scienze Docenti

1.
Knowledge of CLIL and Principles of CLIL

1. Aims of CLIL and rationale for CLIL
   What is CLIL
   Key concepts
   Key concepts and the CLIL classroom
   Practice tasks

2. Language across the curriculum
   What is the role of language in CLIL?
   Key concepts
   Key concepts and the CLIL classroom
   Practice tasks

3. Communication skills across the curriculum
   What is the role of communication skills in CLIL?
   Key concepts
   Key concepts and the CLIL classroom
   Practice tasks

4. Cognitive skills across the curriculum
   What are cognitive skills?
   Key concepts
   Key concepts in the CLIL classroom
   Practice tasks

5. Learning skills across the curriculum
   What are learning skills?
   Key concepts
   Key concepts and the CLIL classroom
   Practice tasks

2.
Lesson preparation

6. Planning a lesson or a series of lessons
   How do we plan a CLIL lesson or series of lessons?
   Key concepts
   Key concepts and the CLIL classroom
   Practice tasks

7. Language demands of subject content and accompanying tasks
   What are the language demands of CLIL subjects?
   Key concepts
   Key concepts and the CLIL classroom

Practice tasks

8. Resources including multi-media and visual organisers
   What types of resources are used in CLIL?
   Key concepts
   Key concepts in the CLIL classroom
   Practice tasks

9. Materials selection and adaptation
   How can we choose material and how can we adapt them for CLIL?
   Key concepts
   Key concepts and the CLIL classroom
   Practice tasks

10. Activity types
    Which activity types are most suitable for CLIL?
    Key concepts
    Key concepts and the CLIL classroom
    Practice tasks

3.
Lesson delivery

11. Classroom language
    How do teachers and learners use language in the CLIL classroom?
    Key concepts
    Key concepts and the CLIL classroom
    Practice tasks

12. Scaffolding content and language learning
    What is scaffolding?
    Key concepts
    Key concepts and the CLIL classroom
    Practice tasks

13. Methods to help learners develop learning strategies
    What are learning strategies?
    Key concepts
    Key concepts and the CLIL classroom
    Practice tasks

14. Consolidating learning and differentiation
    Why are consolidating and differentiating learning important in CLIL?
    Key concepts
    Key concepts and the CLIL classroom
    Practice tasks

4.
Assessment

15. Focus of assessment
    What is the focus of assessment in CLIL?
    Key concepts
    Key concepts and the CLIL classroom
    Practice tasks

16. Types of assessment
    What different types of assessment are there in CLIL?
    Key concepts
    Key concepts and the CLIL classroom
    Practice tasks

17. Support strategies for assessment
    Why do learners need support strategies in CLIL assessment?
    Key concepts
    Key concepts and the CLIL classroom
    Practice tasks
